New Hampshire Electric Coop

2/24/2023

Dear Sie Teong Lim,

The Electric Distribution Standards and Meter Engineering departments New Hampshire Electric Coop, have reviewed the Generac electric meter panel with a built in automatic transfer switch. I would like to inform you that New Hampshire Electric Coop has approved this specific equipment for use in our service territory, effective today 2/24/2023.

New Hampshire Electric Coop approval is only for the model(s) listed here.

Model Number	Description
<b>RXUW200A3</b>	200A ATS. Contains the meter socket and transfer switch compartment. Service Entrance Rates ATS
<b>RXUW150A3</b>	150A ATS. Contains the meter socket and transfer switch compartment. Service Entrance Rates ATS
<b>RBU200A3</b>	200A rated ATS. Contains the meter socket and transfer switch compartment. Doesn't come with any transfer switch contactor but upgradeable in the future. KIT G0074000 is available to perform the upgrade. This is a Service Rated Assembly/ATS(once Upgraded).
<b>RBU150A3</b>	150A rated ATS. Contains the meter socket and transfer switch compartment. Doesn't come with any transfer switch contactor but upgradeable in the future. KIT G0074000 is available to perform the upgrade. This is a Service Rated Assembly/ATS(once Upgraded).

For further questions, please contact Sie Teong Lim ([Sie.TeongLim@Generac.com](mailto:Sie.TeongLim@Generac.com)).
